About the Instructor:

Pat Bradley

Water Quality Manager

City of Richmond Department of Public Utilities

Richmond, VA

Pat Bradley is the Water Quality Manager for the City of Richmond where his responsibilities mostly focus on compliance related issues for the wastewater plant, combined sewer system, stormwater utility and drinking water plant. Mr. Bradley has over 30 years of experience in the field of water quality, Pretreatment Program implementation and NPDES permitting, including permit writing, permit implementation as an NPDES permit holder, water quality criteria development, and research on the effects of wastewater discharges.

Mr. Bradley has extensive regulatory experience including 17 years with EPA most of it in the Water Permits Division at EPA Headquarters in Washington, DC. He also worked for the Department of the Navy and as an environmental consultant. Mr. Bradley received a BS in Biology from the State University College at Plattsburgh, New York and an MS in Biology from the University of Texas at Arlington.
