# Managing Essentials: Resources, Rates, and Regulations

Danielle Purnell Seattle Public Utilities

## Water Is Essential

#### Thousands have lived without love, not one without water. - W. H. Auden

#### Water Utilities Are Essential Service Providers

We are all bodies of water, connected to one another through the water web. Your body of water is connected to streams, rivers, lakes, tides, waterfalls, toilets and faucets... to present homes, childhood homes and ancestral ones by memory, by the water cycle, by stories... tell your story.

POET JOURDAN KEITH SEATTLE

# **Three Pillars of Water Equity**

1) Ensure all people have access to clean, safe, affordable water service

2) Maximize the community and economic benefits of water infrastructure investment

3) Foster community resilience in the face of a changing climate

- An Equitable Water Future, US Water Alliance 2017

#### Built for a Drip, Not a Downpour

"Cities don't have the luxury of climate denial and cannot wait for federal leaders to embrace science. The effect of inaction is already at our doorstep."

– Seattle Mayor Jenny Durkan

#### **Integrated Approaches**

#### "Look deep into nature, and then you will understand everything better." — Albert Einstein

#### **Emergency Assistance Program**

- Customers at risk of water service shutoff
- 50% reduction unpaid bill

## SPU Affordability + Accountability Strategy

Reasonable Rates	Assistance	Responsible Investment	Performance
Keeping rates as low as possible for as long as possible.	Ensuring customers can access utility services without risk of shutoff.	Calibrating service levels and investments with needs, risks, and maximum value for least cost.	Bringing transparency to how ratepayer money is spent and the value of those investments.
