About the Instructor:

Patrick Bradley

National Stormwater Practice Lead
Resource Environmental Solutions (RES)
Richmond, VA

Pat Bradley is the National Stormwater Practice Lead for RES, a fully-scaled operating company providing ecological restoration and water resource solutions to the public and private sector. Prior to joining RES, he was the Water Quality Manager for the City of Richmond, VA. Mr. Bradley has over 30 years of experience in the field of water quality, Pretreatment Program implementation and NPDES permitting, including permit writing, permit implementation as an NPDES permit holder, water quality criteria development, and research on the effects of wastewater discharges. Mr. Bradley

has extensive regulatory experience including 17 years with EPA most of it in the Water Permits Division at EPA Headquarters in Washington, DC. Pat also worked for the Department of the Navy and as an environmental consultant. He received a BS in Biology from the State University College at Plattsburgh, New York and an MS in Biology from the University of Texas at Arlington.
